

FOR IMMEDIATE RELEASE

.....

St. Louis, Mo.—Premier Knowledge Solutions, Inc. (“PKS”), recently formed a strategic partnership with Advanced System Designs, Morton, IL that will allow PKS to expand its technical and business solutions services for Microsoft with certified, customized learning solutions.

PKS is an innovative technology training company with headquarters in St. Louis, Mo., and satellite facilities nationwide. PKS is a multi-tiered Microsoft Certified Gold Partner with competencies in Learning Solutions, Information Worker Deployment and specialties in Business Intelligence, Business Desktop Deployment and Small Business. Other areas of certification include Novell, Security Certified Partner, Ethical Computing Council and Adobe. Clients include The Department of Defense, Data System Analysts, Boeing, the State of Missouri, and Barnes-Jewish HealthCare.

ASD is a full-service provider of technical and business solutions with five areas of focus: IBM, Microsoft, Security, Network and Business Intelligence. The company is an IBM Premier iSeries Partner and a Microsoft Gold Certified Partner that focuses on the integration of these two leading technology providers.

“As always, we focus on designing solutions for our customers, whether it’s a Business Intelligence need, a security issue, or a whole new network,” says Keith Liszewski, Microsoft practice leader for ASD. “With this partnership, we’ll have support from a recognized leader in Microsoft learning who can help us put those solutions into action quickly and affordably.

PKS’ is a recognized thought leader in the analysis, design, development, implementation and assessment of corporate learning solutions that include traditional instructor-led learning events along with an orchestrated blend of CBT, video, live web-enabled engagements, self-study, Body of Knowledge portals and mentoring. “We’re thrilled to have earned the right to work with ASD to empower the human capital component at the customers where ASD is delivering their best-of-breed Microsoft BI solutions,” says Richard Losciale, President of PKS.

This ASD-PKS partnership has begun delivering tailored training to the Microsoft SQL 2005 application developers, report writers and business users at Caterpillar dealers as they move to Microsoft SQL Server 2005 for key Business Intelligence management.
