## Premier Knowledge Solutions' FISMA IA 8570 Security + Boot Camp Schedule Regency Conference Center, O'Fallon IL

This five-day instructor-led course is a proven balanced blend of skill transfer and certification exam preparation. Instructor lecture, group study, self-study and practice tests are all included in this camp, culminating in the CompTIA Security + SY0-301 exam on Friday afternoon.

Exams are administered via our in-class testing option and proctored by a Prometric Certified Test Administrator. All our instructors are CompTIA Security + Certified.

Your instructor will guide you through a personal knowledge gap analysis and suggest focused study to address your unique learning needs.

Our Prometric Testing Administrator will take care of registering you for the Security + SY0-301 exam on the last day of class should you choose to take the exam or provide you with post-class exam registration instructions.
