

Our Pledge

Our success is based on your success. We strive to provide impeccable services that go above and beyond your expectations while ensuring a quality learning environment enabling you to achieve your goals.

PKS Sustainability Statement

PKS adheres and strives towards business practices that reduce both the consumption of materials and energy and the emission of pollutants to their lowest levels possible, without decreases in the level of education, scholarly work, and services provided. We are committed to the responsible use of natural resources including Refrigeration/Air Conditioning, Lighting, Recycling, Product Packaging and Supply Sourcing.

PREMIER KNOWLEDGE SOLUTIONS Professionals in Transition Training Program

Premier Knowledge Solutions is a training company devoted to providing the most current, complete and valuable learning solutions for all its customers.

We are proud to have won several Microsoft partner awards amongst other industry honors.

Our instructors possess over a century of collective experience delivering technical and soft skills training solutions.

We bring together both corporate students and professionals in transition to create a unique classroom experience. Our teaching methodology is a blend of instructor lecture followed by demonstrations and capped by a series of "hands on labs" designed to support the concepts just learned.

Our campus is located on "the Hill" in a historical site in St Louis, Missouri. The facility consists of five state-of-the-art classrooms. Our classrooms provide each student with access to a computer and has an abundance of natural lighting. Our student lounge provides coffee, tea, and hot chocolate, as well as complimentary chips and candy for our students. Netflix films are featured on our flat screen TV for students on break. Our facility also has Wi-Fi for students needing access to high speed internet. Our building is handicap accessible with adjacent parking and elevator service.

Frequently Asked Questions

1. What is a Premier Knowledge Solutions "IT Track"?

Premier Knowledge Solutions (aka "PKS") offers a targeted approach to IT skill acquisition. The IT track is a series of classes taken in a short amount of time. Students are able to take the entire series of classes as a track, or can also pick and choose targeted classes that address their skill sets.

2. How long does it take to complete?

Compared to 'traditional' education, classes are designed to help you complete your IT career track fast. Each training day is approximately 6-8 hours long. Track can be finished in varying times, from two months to less than a year. PKS offers over forty government approved training tracks for today's professionals in transition.

3. What about College Credit and Certification?

There are 4 available options regarding college credit and certification.

1. None
2. College credit only
3. Certification only
4. Both college credit and certification

These four options allow professionals in transition to feel both enabled and empowered when preparing to make their future career choices.

4. What is the next step?

Schedule an appointment with one of our dedicated learning advisors to ask more questions and further discuss your learning options. We are here to help you!

Call 314-450-4724 and we will respond to you immediately or email us at knowledge@premier-ks.com.

Nearly half of our 40+ government approved training tracks help you attain a **Microsoft Certified Technology Specialist (MCTS)** designation. The MCTS enables you to target specific technologies and distinguish yourself with in-depth knowledge and expertise in these technologies. Each time you pass a MCTS exam, you earn certification in that area of specialty. The MCTS certification provides the foundation for Microsoft Certification. These certifications are designed to validate your skills on the features and functionality of key technologies. MCTS candidates are capable of implementing, building, troubleshooting, and debugging a particular Microsoft technology. MCTS Specialty Areas include:

- Microsoft SQL Server 2005 or 2008
- Microsoft Office SharePoint Server 2007
- Microsoft Windows Server 2008
- Microsoft Exchange Server 2007
- Microsoft Server 2008 Active Directory
- Microsoft Virtualization Manager 2008
- Microsoft System Configuration Manager
- Microsoft .NET Framework

Each PKS student will receive:

- The services of a personal training advisor from start to finish and beyond.
- Instructor led classroom training sessions and courses
- Soft skill training package including:
 - Project management
 - Resume writing
 - Effective presentations
 - E-mail etiquette
 - Interviewing skills
 - Business writing
 - Working with Teams
 - Certification Testing Strategies
- Certificate exam prep resources
- Open study/lab hours
- Self paced eLearning
- Job placement activities
- Networking opportunities
- Invitation to opt into the PKS Expert Community
- Ongoing invitation to saw-sharpening events
