

PREMIER KNOWLEDGE SOLUTIONS RECEIVES THREE AWARDS AT MICROSOFT WORLDWIDE PARTNER CONFERENCE 2008

St. Louis, MO, August 4th, 2008 – Premier Knowledge Solutions is pleased to announce their recent achievements at the Microsoft Worldwide Partner Conference which took place in Houston, Texas in early July 2008.

Premier Knowledge Solutions, a member of the Microsoft North Central Region, earned two awards from the Microsoft North Central Team: Customer Experience and Satisfaction and General Manager. According to Microsoft the General Manager award recognizes special or outstanding achievement by a partner. It also recognizes superior partner growth in revenues or customer adds. The Customer Satisfaction and Experience Award recognizes a partner who has consistently provided exceptional customer satisfaction. It also rewards positive, predictable, value-based experience created by the partner for the customer through superior achievement or programs designed to dramatically improve customer experience.

Additionally, Premier Knowledge Solutions is a member of United Training, which is a consortium of other quality computer training centers around the United States. PKS was nominated for and won the United Training Most Engaged Partner of the Year.

Richard Losciale, President and co-founder of Premier Knowledge Solutions feels that these awards show that we are learning to become a more focused, relevant and productive Microsoft partner. “We are humbled and re-amped by these awards. Our customers benefit from the laser-beam attention we give them and to our proven ability to provide role-based and work-specific learning solutions for them.”
