About the Post-9/11 GI Bill

In July of 2008 the Post-9/11 GI Bill was signed into law, creating a new robust education benefits program rivaling the WWII Era GI Bill of Rights. The new Post 9/11 GI Bill, provides education benefits for servicemembers who have served on active duty for 90 or more days since Sept. 10, 2001. These benefits are tiered based on the number of days served on active duty, creating a benefit package that gives current and previously activated National Guard and Reserve members the same benefits as active duty servicemembers.
