Premier Knowledge Solutions, Inc. Approved as Registered Education Provider by Project Management Institute

Saint Louis, Missouri, U.S.– Premier Knowledge Solutions, Inc. today announces that the Project Management Institute (PMI), the world’s largest project management member association, has named it as a Registered Education Provider (R.E.P.) effective October 16th, 2014. R.E.P.s are organizations that have been approved by PMI to help project managers achieve and maintain the Project Management Professional (PMP)[®], Program Management Professional (PgMP)[®] and other PMI professional credentials. These organizations have met PMI’s rigorous quality criteria for course content, instructor qualification, and instructional design.

Project managers are increasingly turning to R.E.P.s for certification training and maintenance, especially since global median salaries for the profession now exceed \$85,000 (USD). PKS has been providing Quality Project Management classes for ten years. The R.E.P. designation is a natural extension of our core competency, as it validates the qualities for which PKS is known. Additionally, our R.E.P approval complements our other offerings, such as ITIL, Scrum and Agile.

President of Premier Knowledge Solutions, Mr. Richard Losciale, is “grateful that the PMI has validated our Project Management Professional and CAPM training offerings. We are proud to bring these powerful certifications to our customer base.”

Premier Knowledge Solutions, Inc. joins more than 1,500 R.E.P.’s in more than 80 countries. These organizations include commercial training providers, academic institutions, and corporate training departments within corporations and government agencies.
